Comprehension Skills Lesson Plan

**Orientation:** On sentence strips introduce **Compare:** What is the same. and **Contrast:** What is different. Also put signal words on the sentence strip. Compare – both, same, like, too and Contrast – different, but
Talk about another time you used compare/contrast
Review the scope/content of lesson

**Presentation:** On chart, board or sentence strips present: Horses and zebras are alike because they both 1) have tails and 2) have four legs. Horses and zebras are different because 1) many horses are tame, but zebras are wild. A pen and pencil are alike because 1) they are used for writing and 2) we use them with our hands. A pen and pencil are different because a pen uses ink but a pencil uses lead.

**Highly Structured Practice:**
1) **Teacher orally reads pages 238 and 239** – Teach the difference between tame/shy. **Model** the following:
A porcupine is **like** other wild animals because they are shy.
A porcupine is **different** from other wild animals because a porcupine hides up in a tree but other animals will hide on the ground.
2) **Teacher orally reads p. 240 and 241** – Ask students how woodcocks and birds are alike – partner talk. Ask students how woodcocks are like dry leaves? How are they different – partner talk.

**Guided Group Practice:** **Students choral read p. 242.** Partner talk - how are deer different from other animals? **Students choral read p. 243.** Talk about contrasting the coats of deer in different seasons. Partner talk - How are their summer coats different from their winter coats? How do their coats compare with the trees?
Students choral read p. 244. Partner talk – How is the coat of a snowshoe hare different in the summer than in the winter?
